Dear Senator Green and Representative Bumstead:

Pursuant to Section 808, PA 252 of 2014, the Department of Natural Resources (DNR) is required to develop a lawful and reasonable plan designed to motivate lessees under state-granted oil and gas leases past their primary term to undertake warranted new operations to ensure that department-managed minerals are fully developed in an orderly manner to increase and optimize production.

Attached is the DNR's plan to encourage new exploration of mineral rights on leases past their primary term.

If you have any questions regarding the DNR's plan, please feel free to contact me.

Sincerely,

Sharon M. Schafer, Chief  
Finance and Operations Division
